The race organisers stress that safety is of a high priority, and that racing should be fair, safe and enjoyable for all participants. Competitors participate in the event at their own risk and are responsible for their own safety and that of the boat at all times.

Whilst safety boat cover will be provided all boats should carry a waterproofed means of communication. At a minimum this should be a fully charged mobile phone with contact numbers for race officials and preferably a working handheld VHF radio.

We ask all boats to display a Racing Flag if at all possible, for the benefit of shore side spectators.
